ABOUT ME

My name is Assoïe Louvart, I am 21 years old and I am currently a student at Hetic School. In recent years, I have been studying web development, design and marketing by developing teamwork through several school projects. I like to improve my knowledge and take on new challenges. I am a very curious person who is not afraid to take risks for oneself. During my first two years at HETIC, I learned about UX / UI design, web development, digital marketing and communication. This year, I'm mainly interested in the [roles of digital project manager and UX/UI designer](#).
